www.mikrolab.dk

	Magnetic stirrers, reaction blocks and heating plates		Ergonomic pipettes (Vistalab) and cell culture plastics (Celltreat)
	Filters, Filter holders		Reference substances for environment and food
	Syringes, needles and cannulas		Vials, septas and caps
	Chambers for heating, drying, fixed or dynamic climate, incubation and freezers		Cell culture, filtration, containers, centrifuge tubes, micro tubes, petri dishes and pipette tips
	Degassers, HPLC & UHPLC (IDEX)		One-stop shop for equipment, instruments and consumables
	Agarose-based chromatography and everything for the lab in PTFE		Crimping tools
	Tubes, tube connectors and accessories for stirring		Whatman filters
	Liquid handling, Life Science consumables, volumetric instruments and general laboratory products		Buckets & Jars
	Safety caps for solvents		Microbiology, Histology, Cell culture, Containers, Tubes, microtubes and cryovials, Liquid handling
	Rotary evaporators, freeze dryers and NIR		Stoppers and tubes
	Samplers, sampling systems and accessories for samplers, filling machines, drum pumps and container pumps		Glassware: bottles, tubes beakers, measurement flasks and cylinders, funnels and desiccators
	Water treatment		Laboratory shakers and equipment for melting metals
	Labware, Life Science and Chemicals.		HPLC and UHPLC columns

HPLC, GC and sample preparation products, chromatography accessories & consumables

Balances and microscopes

Pump tubing and tubing for general laboratory purposes

Gas detector tubes and pumps

Rockers, shakers, mixers, centrifuges, dry blocks and water baths

HPLC/UHPLC, ULDC, FPLC, prep HPLC. Autosamplers, fraction collectors and valves

FilterMax, Centrifuge Tubes

Diaphram liquid and gas pumps

Blotting Membrane & Membrane filters

Thermal beads for use in water baths, ice buckets, incubators & refrigerators

Microbiology, Histology, Labware, Hygiene, Glassware, Liquid handling

Reference materials and analytical standards (incl. Dr. Ehrenstorfer)

Certified reference materials for UV/Vis spectroscopy

Filtration, Rapid Test, Water Analysis, Chromatography, Bioanalysis

HPLC columns: Vydac, Alltima, Prevail, Genesis, Apollo etc.

pH meters and balances

Automatic opening, filling, and labeling of laboratory tubes

Laboratory glass washers

Sample packaging

Q-Max®, Paper filters, Glass fiber filters, Quartz fiber filters, Membrane filters

Fluid connections and fittings from the former brands Upchurch Scientific, Rheodyne and Isolation Technologies.

Boxes and racks for refrigerators and freezers

Magnetic and overhead stirrers. Shakers and mixers. Dispersers, mills, bioreactors, centrifuges and rotary evaporators

Tubes, PCR, Cuvettes, Liquid handling, Containers, Microbiology, Plates, Serological Pipettes

Equipment for microbiology: diluters, blenders, automated plating systems, and colony counters

Precise and reliable analytical instruments, and laboratory equipment

 OMNILAB	One-stop shop of laboratory consumables and instruments	 SETA STANHOPE-SETA	Control instruments used to measure physical characteristics
 opentrons	Liquid handling robots and accessories	 SIELC	HPLC columns, Genesis and Apollo
 PHOENIX Instrument	pH meter, centrifuges, heating and incubation chambers	 SKC	Workplace/Environmental Air sampling equipment & accessories
 PolyLC INC. HPLC Supplies for the Life Sciences	HPLC columns for biomolecules	 Starna scientific	Certified reference materials, spectrophotometer cells/cuvettes
 porvair sciences	Microplates and instruments	 testo	Meters for temperature, CO2, CO, humidity, light and sound
 RATHBURN CHEMICALS Ltd.	Solvents	 thermo scientific Authorised Distributor	High quality HPLC and UHPLC columns. Vials, septas and caps
 Ritter Made in Germany	Gasmeter, milligascounters, biogas fermentation systems	 UR	Universal Robots - collaborative robot arm
 ROCKER make filtration easy	Filtration systems	 VACUUBRAND	Vacuum pumps, vacuum gauges and vacuum controllers
 SARTORIUS	Balances, water systems, pipettes and syringe filters	 Value Plastics, Inc. A NORDSON COMPANY	Valves and fittings
 S.C.A.T	Safety and waste caps for chemicals	 VICI	Valves, fittings and gas generators
 SCHOTT glass made of ideas	Glass tubes for laboratories	 VITLAB	Liquid handling instruments: dispensers, pipettes, volumetric flasks, beakers, buckets, wash bottles
 sepax	HPLC and LC columns	 YMC EUROPE GMBH	Analytical and preparative columns for HPLC and UHPLC
 SGE Analytical Science A TRAJAN Company	Consumables for chromatografi (HPLC and GC)	 ZIRBUS TECHNOLOGY	Autoclaves and freeze dryers
